

The Albany Public Library Foundation presents:
Magnificent Mondays

in the basement of the Albany Public Library Downtown branch:
302 Ferry St. SW

These classes are FREE and geared towards children K-5.
Space is limited to the first 25 participants, so come a few minutes early to reserve your spot. Parents are encouraged to support their children as needed to help make this a success for everyone.

January 9th 1:40-2:40

A.C. Gilbert Discovery Village presents: Slime Science

What's sticky, slimy, and glows in the dark? Your students will find out as they explore the science of polymers. They will experiment and take home polyacrylate, slippery phosphorescent slime, and a seed to sprout without soil.

January 23rd 1:40-3:10

Local Artist, Anna Harris, presents: collage making

Anna will guide students in creating a mixed media collage.
She will introduce beginning color theory while using Swedish botanist Carl Linnaeus as inspiration.

January 30th 1:40-2:40

A.C. Gilbert Discovery Village presents: Pioneer Kids

What did the pioneer children do for fun? Students will travel back in time as they make butter, play a simple strategy game, create a beeswax candle and craft a pinch pot while exploring the Oregon Trail.

February 6th 1:40-3:10

Local Artist, Jimmy Johnson presents: I can draw!

Come join Jim and learn some basic drawing skills along with some advanced techniques using artist's pencils and supplies that all kids would have at home.

**A sincere thank you to individuals who have given generously to the Albany Public Library Foundation. Donations have enabled the Foundation to provide this educational opportunity.
