

"All That is Oregon"

A vibrant and engaging artwork highlights the breezy openness of the Main Albany Public Library.

Judi Mintzer's impressive 6' X 18' mural gracing the Library foyer adds a wonderful welcome to the Library as well as to the world that opens to those who 'travel' through books.

"All That is Oregon" captures the history of our community and the blessings of our surroundings. Children and adults alike delight in pointing out various landmarks and scenes. Recognize the mountain? The lighthouse? Have you seen that bridge before? Explore your Library; explore your community.
